

ICT Use and Ethical Issues in Mobile Learning (ICT-EIML)

Overview

The aim of this special session is to discuss ethical, legal and other uses of Internet for learning purposes. In formal and informal learning, e-learning and m-learning are commonly used, in all educational levels. In this session we will propose solutions and create open debates amongst educators on ethics and ICT use, intellectual property and learning, technology and copyright, plagiarism, bulleting, file swapping and other relevant issues.

Contribution Types

Proposals for participation in the Special Session can be submitted in the following formats:

- Full Papers – These include mainly accomplished research results and have 5 pages.
- Short Papers – These are mostly composed of work in progress reports or fresh developments and have 3 pages.

All submissions will be peer-reviewed by at least two reviewers. All accepted papers will be included in the conference proceedings published through IEEE Xplore®, provided at least one author pays the registration fee before October 1st 2014.

For further questions, please contact [Jenny Pange](#), (**Subject: IMCL2014 Special Session Submission**).
